### **DETAILED ACTION**

This office action is in response to Applicant's Amendments and Remarks filed 16 October 2008. Claims 1-38 are cancelled. Claims 39-49, 69-71 and 78-86 are pending with claims 69 and 81 in independent form. Claims 50-68 and 72-77 are cancelled by Examiner's Amendment.

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS: Cancel claims 50-68 and 72-77

### ***Allowable Subject Matter***

2. Claims 39-49, 69-71 and 78-86 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or fairly suggest to one of ordinary skill in the art, in conjunction with all the other limitations of the claims: **With respect to claim 69 and all its dependencies**, a method of dispensing game tickets by reading an RFID from a game ticket, activating the ticket based on the ticket RFID, as part of activating the ticket, writing information to a programmable memory of the game ticket RFID and responsive

to the activation of the ticket and an inventory level for tickets of the type of the activated game ticket falling below a predetermined threshold, automatically generating a ticket order for additional tickets; **With respect to claim 81 and all its dependencies**, a method of tracking game ticket consumables by reading a consumable RFID from a game ticket consumable responsive to dispensing a game ticket consumable where the game ticket is at least one of an item used to create a game ticket in response to a customer request or a non-game ticket item dispensed to game ticket customers and responsive to the reading and an inventory level for the game ticket falling below a predetermined threshold, automatically generating a consumable order for additional consumables

The prior art of record fails to provide sufficient teaching or motivation to one of ordinary skill in the art to provide the additionally recited features of these claims in the combinations as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
